

NEW PATHWAYS

KETAMINE & SPRAVATO

OUR VISION

To help create a meaningful support group designed for individuals who are currently participating in Ketamine and Spravato treatments. Guide patients in achieving positive mental health and personal growth outcomes.

FACILITATED BY: DR. HARRY PEPPER, PH.D.

Dr. Harry Pepper is a dedicated psychologist with more than 30 years of experience working with diverse client populations. His expertise in identifying individual and organizational strengths partners with his philosophy that prioritizes awareness, allowing individuals and organizations to better understand and address unconscious, self-limiting, belief and behavior patterns in order to actualize their most essential and highest goals.

Online Patient Support Group

OUR SUPPORT

A free and easily assessable support group specifically created for New Pathways patients to achieve the greatest therapeutic benefits from Ketamine Treatments with mindfulness, presence, and embodiment practices in a community support setting.

**MEETINGS ARE HELD
VIRTUALLY VIA ZOOM:
EVERY **FIRST WEDNESDAY**
OF **EACH MONTH** AT 4 P.M.**
